

## **PRESS RELEASE**

### **EiG's to Serve on Logos Health Systems National Advisory Board**

**San Francisco, CA** - December 9, 2003 - Michael Ryan, Managing Partner, EiG has joined Logos Health System's National Advisory Board. Logos based in Thousand Oaks, CA is an emerging healthcare technology company. "We look forward to collaborating with Logos Health System leadership team, which has deep strength in both healthcare operations and technology solutions. They have created a cutting edge voice activated system that improves physician work processes, maximizes hospital revenues and ultimately improves patient care quality and documentation", stated Michael Ryan, Managing Partner, EiG.

Founded in 2001, Logos recently closed a round of funding, completed its product development and is rapidly expanding with the installation with in a large hospital management company. "As part of their National Advisory Board we plan to assist the company in developing a national roll-out strategy, securing the next round of equity funding and growing the company with the Logos team lead by CEO John Gardner a veteran healthcare leader", Ryan added.
